An inventory of the furniture, equipment, and other non-consumable items other than real property of the school district is conducted annually under the supervision of the superintendent. This report is filed with the board secretary.

The permanent and cumulative records of students currently enrolled in the school district are housed in the central administration office of the attendance center where the student attends. Permanent records shall be housed in a fire-resistant safe or vault or electronically with a secure backup file. -The building administrator is responsible for keeping these records current. Permanent records of students who have graduated or are no longer enrolled in the school district are housed in the central administrative office and will be retained permanently. These records will be maintained by the superintendent. Special education records shall be maintained in accordance with law.

The superintendent may digitize or otherwise electronically retain_school district records and may destroy paper copies of the records. An electronic record which accurately reflects the information set forth in the paper record after it was first generated in its final form as an electronic record, and which remains accessible for later reference meets the same legal requirements for retention as the original paper record.
