

# MUSCATINE COMMUNITY SCHOOL DISTRICT BOARD POLICY

## **801 NAMING AND/OR DEDICATION OF FACILITIES AND GROUNDS**

The Board of Directors believes that the names of district facilities should have special significance to the community, its traditions and values. The Board of Education will consider naming buildings, auditoriums, gymnasiums, rooms, fields or outdoor facilities in recognition or memory of deserving individuals or groups.

When a request to name a facility is made, a committee may be appointed by the superintendent to review the request. This committee will take into account the traditions of the facility and the proposed name.

This policy does not include memorial donations for items placed on campus (excluding buildings and sites). Individuals wishing to make memorial donations to purchase items in memory of an individual shall contact the superintendent or his/her designee with such requests. All memorial donations become the property of the Muscatine Community School Districts once accepted by the board.

LEG REF: Iowa Code § 279.6.
